#### **VENDORS**

**SAACHI WEARS:** has a system of continuous evaluation and re-appraisal of our vendors of raw materials. Their evaluations done after scrutiny of their past performances in:-

- \* Quality supplied**

- \* Delivery schedules**

- \* Compliance of the directives issued with the purchase order**

This helps the organization and its clients to proceed safely and efficiently in an ever changing market where rapid procurement of resources and accurate evaluation of vendor's is essential.

The company has a multi-tier quality control system. Each department has its own quality control personnel who are checking and controlling quality at all stages of production including fabric. Quality control being even at process house and at weaving Centre.

Apart from the routine quality control, considered sufficient by the industry, there exists a separate and independent department, which ensures the quality of the product from fabric stage to its final packing. The department of Quality Assurance is carrying out checks at following stages.

- \* Fabric procurement**

- \* Approval of size- set, photo samples**

- \* Dummy fittings**

- \* Initial production**

- \* Mid production**

- \* Final production**

## **THE PEOPLE**

The real strength of **SAACHI WEARS** lies in its people. Each department has been structured and set up by individuals who are masters of their fields and form a strong backbone of the company. The work environment has evolved to be a combination of the contemporary of synergy where every individual contributes towards the dynamic working of the company. The organization take pride in appointing personnel who are specialists and have been carefully selected to fulfill highly specialized easies to give its people a clear sense their own responsibilities and an awareness of their individual contributions to overall company performance
